MERCER CONDOMINIUMS CLARENDON, VA

A new five story, 33 unit condominium building with a penthouse level over one and one-half levels of below grade parking. The total building size is 94,000 SF in size, 80,000 SF for the condominiums and 14,000 SF for the parking garage. The construction is cast-in-place concrete. The foundations are designed to accommodate the existing WMATA tunnels.
