SHERWOOD COMMUNITY CENTER FAIRFAX CITY, VA

A new one-story 14,000 SF community center located at Van Dyck Park adjacent to the City Police Station. The building includes performance space, rehearsal space, meeting rooms, and a partial basement.

Construction on the building completed in early 2011.

The building has lightgauge trusses, steel framing and spread footings. The building was built to meet LEED Certification standards, although the owner ultimately decided not to apply for certification.
