## THOMAS JEFFERSON LIBRARY FALLS CHURCH, VA

The complete gutting and renovation of an existing 10,500 square foot library building and a 6,500 square foot, one level addition. The building is steel framed with masonry walls, grade slab and conventional spread footings.

The project was awarded the National Association of Industrial and Office Properties' 2010 Award of Excellence for Best Building, Renovation Capital Improvement. The building is also certified LEED Silver.
