VALLEY HEALTH WELLNESS CENTER WINCHESTER, VA

A new 56,000 SF wellness center that includes two swimming pools, a 16,000 SF cardiovascular and strength training room, locker rooms, steam, sauna, and massage therapy rooms, an indoor running track, meeting facilities, and a child care area. The building is steel framed with load bearing masonry walls and utilizes standard spread footings. There is an elevated running track and steel framed monumental stair incorporated into the design.
