VIENNA ELEMENTARY SCHOOL—RENEWAL VIENNA, VA

The complete renewal including a 51,000 square foot existing elementary school and two additions totaling 15,000 square feet to the building.

The additions expanded the library, kitchen, administrative office, and created a music and arts center.

The project was performed in four separate phases over five years of design and construction. It also included relocating the

existing mechanical roof top units and upgrading the HVAC system for the school.
