Utah  
Virginia  
Washington, DC

#### EXPERIENCE

Mr. Bouffard is a principal of Ehlert Bryan. He is experienced in the design and contract document production of a wide variety of building types including retail centers, office buildings, schools, hospitals, parking garages, residential housing and renovations with primary emphasis on concrete and steel high-rise office buildings. He has worked with virtually all structural systems found in current construction including post tensioning, flat plate concrete, and composite structural steel. He has a thorough understanding of construction economy and its applications. He brings enthusiasm, experience, and a solid client commitment to each project.

Mr. Bouffard was the project manager for the following projects:

- Cunningham Park Elementary School, Addition – Vienna, VA
- Balls Ford Recycle Center – Manassas, VA
- Arbor Terrace of Fairfax – Fairfax, VA
- Good Beginnings Daycare – Aldie, VA
- Reston Heights, Garage at Retail – Reston, VA
